

## Notification of Increase in Health Insurance Contribution in 2019

NHIS informs you of an increase in health insurance contribution as of January, 2019

### Health Insurance Contribution : Increased by 3.49% on average

#### Contribution Rate for the Employee Insured : 6.24%(2018) ⇒ 6.46%(2019)

- Monthly Contribution based on Monthly Salary  
= Average Monthly Salary × Contribution Rate(6.46%)
- ※ Contribution is paid by the employee insured(50%) and the employer(50%).

	Total	Employee Insured	Employer	Government
Employee	6.46(100)	3.23(50)	3.23(50)	-
Public Officer	6.46(100)	3.23(50)	-	3.23(50)
the teacher of a private school	6.46(100)	3.23(50)	1.938(30)	1.292(20)

- Additional Monthly Contribution  
= Additional Monthly Income × Contribution Rate(6.46%)

※ Additional Monthly Income = {(Yearly Income excluding salary - 34million)/12} × income evaluation rate

#### Value Per Score for the Self-Employed Insured : KRW 183.3(2018) ⇒ KRW 189.7(2019)

- Monthly Contribution = Contribution Score × Value Per Score

### Long-term Care Insurance Contribution: Increased by 15.3%(1.13%p)

#### Contribution Rate : 7.38%(2018) ⇒ 8.51%(2019)

- Monthly Contribution = Health Insurance Contribution × LTCI Contribution Rate(8.51%)
